JUN 2 4 2021

DOCKETED BY

At all times relevant, David L. Shorey ("Shorey") has been a resident of Arizona. Shorey
has not been registered with the Commission as a securities salesman or dealer.

- 3. ABCO Energy Inc. ("ABCO Energy") is a Nevada for-profit corporation formerly known as Energy Conservation Technologies, Inc. ("ENYC"), which was incorporated by other individuals on July 29, 2004. In July of 2011, ENYC entered into a material definitive agreement with Westcap Energy, Inc. ("WCE"), a Nevada corporation, doing business as Westcap Solar and/or ABCO Solar, to exchange the common stock of ENYC for 100 percent of the common stock of WCE. At all times relevant, WCE was based in Tucson, Arizona, and WCE's president and director was O'Dowd, and its chairman and CEO was Shorey.
- 4. The stock exchange between ENYC and WCE resulted in a reverse merger. Prior to the reverse merger, ENYC had "filed a Regulation D offering with the SEC (U.S. Securities and Exchange Commission) ... and sold a number of restricted shares to fund the company [sic] operations." ENYC also "registered with the OTC Pink Sheets (Over-The-Counter markets) to become [sic] publicly traded entity." The principle reason for the reverse merger was so WCE could "become a publicly traded entity" with access to the capital markets, and WCE would manage the sales and operations of ENYC.
- 5. ENYC was the survivor of the reverse merger; however, control of ENYC was "now in the hands of the management and majority shareholders" of WCE. On September 23, 2011, Shorey acted in his capacity as an officer of ENYC filed ENYC's annual list of officers, directors, and registered agent and state business license application with the Nevada Secretary of State. In the filing, Shorey was listed as ENYC's president, secretary, and treasurer. And, O'Dowd was listed as ENYC's director.
- 6. On October 31, 2011, Shorey acted in his capacity as an officer of ENYC and filed a Certificate of Amendment to Articles of Incorporation with the Nevada Secretary of State, which changed ENYC's name to "ABCO Energy, Inc." From at least 2011, through the present, ABCO Energy has been based in Tucson, Arizona, and all of ABCO Energy's officers and employees were "officed" at ABCO Energy's principal business address located in Tucson, Arizona.

Decision No. \_\_\_\_\_78048

- 7. From at least 2011, through the present, Shorey has been and/or has acted in the capacity of ABCO Energy's chief executive officer ("CEO") and chief financial officer ("CFO"). And, Shorey was indirectly the largest shareholder in ABCO Energy through his ownership of SSI Development, Inc., a Wyoming corporation. From at least 2011, through October of 2019, O'Dowd was and/or had acted in the capacity of ABCO Energy's president and director. At all times relevant, ABCO Energy held business accounts in Arizona at the Bank of America, N.A., and Western Alliance Bank, N.A. Shorey and O'Dowd were both signers on all ABCO Energy's business accounts.
- 8. ABCO Energy formerly known as ENYC (hereinafter, "ABCO Energy") has not been registered with the Commission as a securities salesman or dealer.
- 9. ABCO Solar Inc. ("ABCO Solar") is an Arizona for-profit corporation formerly known as Westcap Energy, Inc. ("WEI"), which was incorporated in the state of Arizona by Shorey on August 5, 2008. From at least 2008, through 2011, Shorey was WEI's' chief executive officer, director, and secretary. From at least 2010, through 2011, O'Dowd was WEI's president and director. On May 4, 2011, Shorey as CEO of WEI filed an Article of Amendment with the Commission, which changed WEI's name to Westcap Solar, Inc. On July 7, 2011, O'Dowd as president of Westcap Solar, Inc., filed an Article of Amendment with the Commission, which changed Westcap Solar Inc.'s name to ABCO Solar, Inc.
- 10. From at least 2011, through the present, ABCO Solar has been based in Tucson, Arizona. At all times relevant, Shorey has been and/or has acted in the capacity of ABCO Solar's CEO, CFO, president, and secretary. From at least 2011, through October of 2019, O'Dowd was and/or had acted in the capacity of ABCO Solar's CEO, president, director, and secretary. At all times relevant, ABCO Solar held business accounts in Arizona at the Bank of America, N.A., Wells Fargo Bank, N.A., and BBVA Compass Bank, N.A. Shorey and O'Dowd were both signers on all ABCO Solar's business accounts.
- 11. From at least 2011, through the present, ABCO Solar has shared the same office space [located in Tucson, Arizona] with ABCO Energy. ABCO Solar is a wholly owned subsidiary of ABCO

Energy. From 2011, through the present, ABCO Energy has conducted business as ABCO Energy and/or as ABCO Solar.

- 12. ABCO Solar formerly known as WEI (hereinafter, "ABCO Solar") has not been registered with the Commission as a securities salesman or dealer.
- 13. At all times relevant, Paula M. O'Dowd ("P.M. O'Dowd") has been the spouse of Respondent O'Dowd. P.M. O'Dowd may be referred to as "Respondent Spouse." Respondent Spouse is joined in this action under A.R.S. §44-2031(C).
- 14. At all times relevant, O'Dowd was acting for his own benefit and on behalf of and for the benefit O'Dowd's and P.M. O'Dowd's marital community

### A. Introduction

- 15. In 2011, ABCO Energy, a Nevada corporation, based in Tucson, Arizona, which sold and installed photovoltaic and solar thermal products, entered into an agreement with Intuition Capital Corporation ("Intuition Capital"), a company based in the United Kingdom and/or Spain. Intuition Capital agreed to solicit foreign investors for ABCO Energy's securities offerings, which consisted of "4,000,000 restricted common shares priced at \$.40 USD."
- 16. In exchange, ABCO Energy agreed to pay Intuition Capital an estimated 65 percent of the "funds successfully raised through Intuition [sic] referrals." Thus, approximately 65 percent of all ABCO Energy's securities investments were contractually committed to the payments of commissions, leaving only approximately 35 percent available to ABCO Energy to obtain a return for the investors.
- 17. During the relevant time-period, from 2011 through 2019, O'Dowd and others offered and sold ABCO Energy's securities offerings in the form of common stock and/or convertible preferred stock within or from Arizona to eighty-one foreign investors. The investors collectively invested \$7,699,546.19 in ABCO Energy's securities offerings. O'Dowd and others via ABCO Energy's securities offerings and/or offering documents made numerous misrepresentations and omissions of material facts.

Decision No.	78048

## B. Previous Commission's actions

18. In 2013, the Commission issued Decision No. 73656 against Shorey and his company Cell Wireless Corporation and issued Decision No. 73775 against Shorey and his other company Westcap Energy, Inc., [later known as ABCO Solar].

### Decision No. 73656

- 19. On October 21, 2010, the Division filed a Notice of Opportunity for Hearing (the "Notice") against Shorey, Cell Wireless Corporation ("CWC"), and others. CWC was a Nevada corporation, which had its principal place of business in Tucson, Arizona. Shorey was the president, director, chief financial officer, and secretary of CWC.
- 20. On February 6, 2013, the Commission issued Decision No. 73656, which ordered Shorey, CWC, and others to cease and desist from their actions in violation of A.R.S. §§ 44-1841, 44-1842, and 44-1991. The Decision further ordered Shorey, jointly and severally with CWC and others to pay restitution in the principal amount of \$130,000, and to pay a \$9,000 administrative penalty. As yet, the restitution in the amount of \$130,000 has not been paid.
- 21. The Commission found that CWC and others "committed fraud in the sale of securities, engaging in transactions, practices or a course business which involved untrue statements and omissions of material facts in violation of A.R.S. § 44-1991." Shorey was found to have directly or indirectly controlled CWC within the meaning of A.R.S. § 44-1999(B), and Shorey was jointly and severally liable under A.R.S. § 44-1999(B) to the same extent as CWC was for its violations of A.R.S. § 44-1991.

### Decision No. 73775

- 22. On March 8, 2011 and March 11, 2011, the Division respectively filed a Notice and an amended Notice against Shorey and Westcap Energy, Inc. ("WEI"), an Arizona corporation doing business as Westcap Solar.
- 23. On March 21, 2013, the Commission issued Decision No. 73775, against Shorey and WEI. The Decision ordered Shorey and WEI to cease and desist from their actions in violation of

Decision No.	78048
--------------	-------

A.R.S. §§ 44-1841, 44-1842, and 44-1991. The Decision further ordered Shorey, and WEI, jointly and severally, to make an offer of recission [in the total amount of \$388,495] and pay an administrative penalty in the amount of \$10,000.

- 24. Based on the Findings of Fact contained in Decision No. 73775, WEI was an Arizona corporation, with its principal place of business in Tucson, Arizona. Shorey was the chief executive officer and a director of WEI. According to WEI's promotional materials, it was a "licensed sales and installation company with experienced installers, engineers, and electricians" that installed solar hot water systems for residential, commercial, and industrial customers.
- 25. In 2009, unbeknownst to O'Dowd, Shorey entered into an agreement with a company, Litchfield, to raise funds for WEI. In return, Litchfield would receive commissions equivalent to 7.5 percent of the total funds invested in WEI. Shortly thereafter, Litchfield informed Shorey that a foreign-based company named Intuition Capital was able to locate investors in Europe for small private companies that were attempting to find investors. However, Intuition Capital required commissions equivalent to 65 percent of the total funds invested in WEI. In total, Shorey and/or WEI agreed to pay 72.5 percent in commissions to Litchfield and Intuition Capital, which would be paid from the investors' investment funds.
- 26. From January of 2010, through March of 2010, Shorey and WEI offered and sold securities in the form of preferred stock issued by WEI to 24 foreign investors. The investors invested a total of \$388,495 in exchange WEI promised 8 percent returns on investments for a term of one year, after which each share of preferred stock could be converted to ten shares of common stock when the company became publicly traded. From the \$388,495 WEI and Shorey raised from the investors they paid a total amount of \$281,714 (72.5 percent) in commissions to Litchfield and Intuition Capital.
- 27. It was found that both Litchfield and Intuition Capital were non-registered broker/dealers and the 72.5 percent in commissions paid to them by WEI were "outside the normal range of amounts, and such deviation from the information disclosed in the PPM was a material

fact." Shorey and WEI failed to disclose to investors the "excessive" and "unreasonable" amounts of commissions paid to Litchfield and Intuition Capital.

- 28. The Commission found that Shorey and WEI "committed fraud in the offer of an unregistered security, engaging in transactions, practices, or a course of business which involved untrue statements and omissions of material facts in violation of A.R.S. § 44-1991."
- 29. WEI's securities offerings and its "excessive" payments of 72.5 percent commissions to Litchfield and Intuition Capital were very similar to ABCO Energy's securities offerings and its payments of 65 percent commissions to Intuition Capital.

### C. Current action

- 30. Since its inception, ABCO Energy has been an "installation contractor for alternative energy products that are used in the replacement of fossil fuel generation ... ABCO sells and installs Photovoltaic and Solar Thermal products that are purchased from both USA and offshore manufactures." O'Dowd and others sought financing in order for the "the Company [ABCO Energy] to grow quicker by providing the Company the necessary capital to employ a sales and marketing team and to establish the Company as an immediate and long term leader in the industry."
- 31. O'Dowd and others were determined to raise capital through foreign investors and engaged Intuition Capital to locate prospective foreign investors in exchange for commissions.

## D. Intuition Capital agreement

32. In 2011, ABCO Energy executed a Contract for Services (the, "Contract") with Intuition Capital [the same above-mentioned company that Shorey and WEI paid 65 percent in commissions to locate foreign investors for WEI's securities offerings, see Decision No. 73775]. According to the Contract, ABCO Energy "[w]ishes to engage the services of Intuition to advise and consult with the Company on certain business and corporate matters and [sic] in relation to the placement of the Company's Regulation S offering to non-USA citizens ...consisting of 4,000,000 restricted common shares priced at \$.40 USD."

	* T	
ecision.	No	

- 33. In exchange for Intuition Capital's services, ABCO Energy agreed to pay to Intuition Capital "as reimbursement of expenses for rent, telephone, admin salaries, sales salaries, commissions, printing, postage, and all other expenses ... under this agreement on a non-accountable basis (emphasis added)." The non-accountable expenses are "estimated to be 65% of the funds successfully raised through Intuition referrals, will be paid to Intuition within three days of receipt of cleared funds by ABCO Energy, Inc."
- 34. At all times relevant, Intuition Capital was based in the United Kingdom and/or Spain, and was neither registered as broker or dealer with FINRA, nor registered to conducted regulated activity in the United Kingdom or Spain

## E. ABCO Energy's securities offering

- 35. Between 2011, through 2019, Intuition Capital located at least eighty-one prospective foreign investors [primarily based in the United Kingdom] who were interested in investing in ABCO Energy's securities offerings. Each time a prospective investor was located, Intuition Capital provided Shorey with the prospective investor's contact information, including their name, address, phone number, email address, and proposed amount of investment.
- 36. Once, Shorey received a prospective investor's contact information Shorey sent the prospective investor, the following documents: an initial welcome letter ("Welcome Letter"); ABCO Energy's Corporate Profile; ABCO Energy's Subscription Agreement; and ABCO Energy's PPM. According to some of ABCO Energy's PPM's, "[a]ll funds raised in the offering will be utilized by the needs" of ABCO Energy's consolidated "family of companies," including ABCO Solar to "grow and prosper to profitability."
- 37. During the relevant time-period, from 2011 through 2019, O'Dowd and others offered and sold ABCO Energy's securities offerings in the form of common stock and/or convertible preferred stock ("Preferred Stock") within or from Arizona to at least eighty-one foreign investors ("Investors"). The Preferred Stock "was priced at \$5.00 and had a dividend requirement of 8%

Decision No. [interest] per annum, which ceased upon the conversion or when held for 12 months." The Investors collectively invested \$7,699,546.19 in ABCO Energy's securities offerings.

- 38. At all times relevant, ABCO Energy has conducted business as ABCO Energy and/or as ABCO Solar. ABCO Solar is a wholly owned subsidiary of ABCO Energy.
- 39. On September of 2011, Shorey sent a Welcome Letter to at least one Investor that was written on ABCO Solar's letterhead. The Welcome Letter stated the following: (1) "Thank you so much for your interest in our company" and "interest in an investment;" (2) We are "preparing the company for a full listing on the NASD [National Association of Securities Dealers] Bulletin Board," and your "investment will be put to good use;" and (3) We have attached a Subscription Agreement for your review ... complete the Subscription Agreement in full, as this will be used by the transfer agent to issue your stock certificates."
- 40. On October of 2011, Shorey sent a follow-up letter to the above-mentioned Investor that was written on ABCO Solar's letterhead. The follow-up letter stated the following: (1) "Thank you so much for your support and investment;" (2) The "funds you sent for your investment ... have arrived and cleared in our account;" (3) "Your restricted shares should be issued in the next sixty days;" (4) "We need the signed signature page of your agreement [Subscription Agreement];" and (5) If you have any questions about the company or your investment, please do not he sitate to write or call."
- 41. ABCO Energy's Subscription Agreements that Shorey sent to Investors contained and/or stated the following information: (1) The price per share of ABCO Energy's stock, which fluctuated throughout the entire offering; (2) Wire transfer instructions for Investors to wire their funds to ABCO Solar's business account held in Arizona or ABCO Energy's [dba ABCO Solar] business account held in Arizona; and (3) At least one of the Subscription Agreements stated, "[t]his Subscription Agreement and the undersigned's investment shall be governed by and construed in accordance with the laws of the State of Arizona;"

. . .

Decision No. \_\_\_\_\_

- 42. During the relevant time-period, the majority of the Investors' funds were wire transferred into ABCO Solar's business accounts held in Arizona, and the remainder of the Investors' funds were wire transferred into ABCO Energy's business accounts held in Arizona. According to O'Dowd, once an Investor's funds are wired directly to ABCO Energy's business account or ABCO Solar's business account, then ABCO Energy or ABCO Solar wired Intuition Capital their commissions within a week, which was paid upfront from the Investor's funds.
- 43. According to ABCO Energy's PPM's, the company reserved the right "to pay commissions to registered brokers or dealers registered with the National Association of Securities Dealers (which is now FINRA) and other international registration jurisdictions" in connection with the sale of shares. Further, the company may also "pay finder's fees for introductions to persons or entities" that purchase the shares in this offering, and the "fees would be within the range of amounts normally paid in similar situations."
- 44. Contrary to the above-statement, at all times relevant, Intuition Capital: (1) Was not a registered broker or dealer with FINRA; (2) Was not registered to sell securities in Arizona; and (3) Was not registered to conduct regulated activity in the United Kingdom or Spain. Further, ABCO Energy's contracted payments of 65 percent in commissions to Intuition Capital were "excessive" and not within the "normal range" of amounts paid in similar situation.

## F. ABCO Energy's and ABCO Solar's management team

- 45. ABCO Energy's PPM, dated August of 2011, under the Management Team section stated that the "Management team is comprised of proven professionals, with expertise and success in complimentary fields." The "team has successfully started new companies, taken companies public, sold private companies to public companies..." In the PPM, O'Dowd was listed as ABCO Energy's president and director and Shorey was listed as ABCO Energy's CFO and director.
- 46. In May of 2012, Shorey allegedly sustained "an injury" that caused him to voluntarily retire or resigned his CFO, secretary, and director positions with ABCO Energy.

. . .

19

20

21

22

23

24

25

- 47. However, from 2012 through the present, Shorey has acted in the capacity as the CEO and CFO of ABCO Energy and ABCO Solar. Shorey is listed as an officer of ABCO Solar with the Arizona Registrar of Contractors. Shorey's name and roles in ABCO Energy and ABCO Solar were intentionally removed from all subsequent offering documents and public filings. Shorey's removal was in name only and was done for "appearances only" because of the Division's Notices that were filed against Shorey and his companies in 2010 and 2011, and later because of the Commission's Decisions issued against Shorey and his companies WEI and CWC.
- 48. Since at least February of 2013, Shorey and his company CWC have been subject to cease desist orders from violating the Securities Act. Since at least March of 2013, Shorey and his other company WEI [later known as ABCO Solar] have been subject to cease desist orders from violating the Securities Act.
- 49. In March of 2013, January of 2017, January of 2018, and January of 2019, O'Dowd and others respectively issued updated ABCO Energy PPM's. None of those PPM's listed or mentioned Shorey's name and intentionally did not disclose the Commission's actions against Shorey.

### G. O'Dowd admissions

- On June 4, 2019, and on October 3, 2019, O'Dowd testified under oath and made the 50. following admissions:
  - Shorey was removed as ABCO Energy's and ABCO Solar's CEO and CFO in name only, Shorey still actively controlled ABCO Energy;
  - Shorey's role and control of ABCO Energy was not disclosed to Investors in the offering documents and was not disclosed public filings with the SEC;
  - The non-disclosures in ABCO Energy's offering documents of Shorey's role as CFO of ABCO Energy was done intentionally;

26

11

78048

Decision No.

- Shorey's name was not listed in ABCO Energy's offering documents "because of appearances ... if someone queried David's [Shorey] name they would see some record" of the Commission's Decisions;
- Shorey stated to O'Dowd that ABCO Energy's negotiated payments of 65 percent in commissions to Intuition Capital was "excessive;"
- "Intuition Capital acted under the S-1 [SEC Form S-1], which we had filed, to promote ABCO Solar or ABCO Energy into foreign markets;" and
- The 65 percent commissions ABCO Energy paid to Intuition Capital from the Investors' funds would have been something important for the Investors to know.

## H. ABCO Energy's Going Concerns (2014 through 2019)

- 51. Since 2011, ABCO Energy has been required on regular basis to submit quarterly financial statements (10-Q) and annual audited financial statements (10-K) to the SEC. ABCO Energy's audited 10-K filings for the years 2014 through 2019, indicated a "going concern" with the company's financial health. "The Company has incurred accumulated deficits, recurring operating losses since inception and negative cash flows from operations."
- 52. ABCO Energy's audited 10-K financial statements from 2014 through 2019, all contain the following same or similar language in its Note 3:

The Company will continue as a going concern, which contemplates the recoverability of assets and the satisfaction of liabilities in the normal course of business. Since its inception, the Company has been engaged substantially in financing activities and developing its business plan and marketing. The Company incurred a loss of \$1,381,077, the net cash flow used in operation was \$664,840 and its accumulated net losses from inception through the period ended December 31, 2019 is \$6,561,508, which raises substantial doubt about the Company's ability to continue as a going concern. In addition, the Company development activities since inception have been sustained through capital contributions from shareholders.

53. In stark contrast to the "going concern" indicated in ABCO Energy's audited 10-K financial statements from 2014 through 2109, ABCO Energy's offering documents and correspondences with Investors represented ABCO Energy's financial health as upbeat. For example,

	78048
Decision No.	

ABCO Energy's January of 2018, PPM represented that "ABCO has been increasing its sales turnover for the past two years and has booked more than \$1,450,000 USD in sales for 2017. This is an increase of more than 200% over 2016 and is the result of new residential sales programs ... we enter into our 2018 year with a backlog of more than \$400,000 in unfinished work that will lead to higher sales and better started year."

- 54. In addition, on May 15, 2014, O'Dowd sent a letter, on ABCO Energy's letterhead, to an Investor regarding his interest in the investing in ABCO Energy's securities offerings. O'Dowd wrote, "we are pleased to announce that we have been growing at a remarkable rate since our inception and have doubled our sales every year." O'Dowd representations to the Investor are contradicted by ABCO Energy's audited 10-K financial statements.
- 55. During the relevant time-period, from 2014 through 2019, O'Dowd and others have failed to disclose to the Investors the "going concern" of the company's dire financial health.
- 56. From 2011 through 2019, the Investors collectively invested \$7,699,546.19 and have only received back \$32,987.52. The remaining principal amount owed is \$7,666,558.67.

### I. Misrepresentations and Omission of Material Facts

- 57. O'Dowd and others failed to disclose to the Investors the Commission's Actions under Decision Nos. 73775, and 73656 against Shorey.
- 58. O'Dowd and others failed to disclose to the Investors that approximately 65 percent of all their investments in ABCO Energy were contractually committed to the payments of commissions, leaving only approximately 35 percent available to ABCO Energy to obtain a return for the Investors.
- 59. O'Dowd and others failed to disclose to Investors that from 2012 through at least 2019, Shorey acted in the capacity of ABCO Energy's and ABCO Solar's CEO and CFO.
- 60. O'Dowd and others failed to disclose to Investors that for the years 2014 through 2019, ABCO Energy's annual audited 10-K financial statements indicated a "going concern" of the company's financial stability and health.

	78048	
Decision No.		

- 61. O'Dowd and others misrepresented to Investors that Shorey retired or resigned in 2012 because of an injury, when in fact, Shorey and O'Dowd removed Shorey's name and any indication that Shorey still directly or indirectly controlled ABCO Energy and ABCO Solar from all of ABCO Energy' offering documents and public filings.
- 62. O'Dowd and others misrepresented that they would find investors through a registered broker-deal. When in fact, Intuition Capital was neither a registered broker-dealer with FINRA, nor authorized to conduct regulated activity in the United Kingdom or Spain.
- 63. O'Dowd, in May of 2014, misrepresented in a letter to an Investors that ABCO Energy has been "growing at a remarkable rate since our inception and have doubled our sales every year." When in fact, ABCO Energy's audited 10-K filings for 2014 indicated ABCO Energy's financial stability as a "going concern."

II.

THEREFORE, on the basis of the Findings of Fact, Conclusions of Law, and Respondent O'Dowd's and Respondent Spouse's consent to the entry of this Order, attached and incorporated by reference, the Commission finds that the following relief is appropriate, in the public interest, and necessary for the protection of investors:

IT IS ORDERED, pursuant to A.R.S. § 44-2032 that Respondent O'Dowd, and any of Respondent O'Dowd's agents, employees, successors, and assigns, permanently cease and desist from violating the Securities Act.

IT IS FURTHER ORDERED that Respondent O'Dowd and Respondent Spouse comply with the attached Consent to Entry of Order.

IT IS FURTHER ORDERED, pursuant to A.R.S. § 44-2032, that Respondent O'Dowd, as his sole and separate obligation, and Respondents O'Dowd and P.M. Shorey, ABCO Energy and ABCO Solar under Docket No. S-21152A-21-0117, pay restitution to the Commission in the principal

amount of \$7,666,558.67 as a result of the conduct set forth in the Findings of Fact and Conclusions of Law. Payment is due in full on the date of this Order. Payment shall be made to the "State of Arizona" to be placed in an interest-bearing account controlled by the Commission. Any principal amount outstanding shall accrue interest at the rate of ten percent per annum from the date of purchase until the date of this Order, subject to any legal offsets, pursuant to A.A.C. R14-4-308(C).

IT IS FURTHER ORDERED that the restitution ordered in the preceding paragraph will accrue interest, as of the date of the Order, at the rate of the lesser of (i) ten percent per annum or (ii) at a rate per annum that is equal to one per cent plus the prime rate as published by the board of governors of the federal reserve system in statistical release H. 15 or any publication that may supersede it on the date that the judgment is entered.

The Commission shall disburse the funds on a pro-rata basis to investors shown on the records of the Commission. Any restitution funds that the Commission cannot disburse because an investor refuses to accept such payment, or any restitution funds that cannot be disbursed to an investor because the investor is deceased shall be disbursed on a pro-rata basis to the remaining investors shown on the records of the Commission. Any funds that the Commission determines it is unable to or cannot feasibly disburse shall be transferred to the general fund of the state of Arizona.

IT IS FURTHER ORDERED, pursuant to A.R.S. § 44-2036, that Respondent O'Dowd, as his sole and separate obligation, and Respondents O'Dowd and P.M. O'Dowd, as a community obligation, shall, jointly and severally pay an administrative penalty in the amount of \$75,000 as a result of the conduct set forth in the Findings of Fact and Conclusions of Law. Payment is due in full on the date of this Order. Payment shall be made to the "State of Arizona." Any amount outstanding shall accrue interest as allowed by law.

IT IS FURTHER ORDERED that payments received by the state of Arizona shall first be applied to the restitution obligation. Upon payment in full of the restitution obligation, payments shall be applied to the penalty obligation.
